¹ All vehicles must be held in temporary storage until lead acid batteries, fluids and petroleum products have been removed.

² "Refrigerant Containing Appliance Disposal Policy, 12/97". All white goods containing refrigerants must be held in a temporary storage area at the **landfill** until CFC's have been removed by a certified technician.

³ "Asbestos and Asbestos Containing Materials Disposal Policy, 10/98". Written notification required.

⁴ Access to the site is controlled by locked gates at the main road and at the **monofill**. Keys for the site are strictly controlled. Control of wastes delivered to the site is accomplished by requiring the user to sign the "Disposal Agreement" at City Hall. Random inspection of deposited wastes can be made at any time. A violation of the agreement may cause the user to be responsible for all costs associated with the removal, remediation and final disposal of unacceptable wastes.
